

## Transaction Information

|                     |                  |
|---------------------|------------------|
| Tool ID             | MAL2532          |
| Tool Status         | Connected        |
| Location            | Malta, USA       |
| Wafer Size          | 300 mm           |
| Fab Section         | Failure Analysis |
| Tool Available Date | 2024-12-12       |

## General Product Information

|                   |                         |
|-------------------|-------------------------|
| Vendor Supplier   | Park System             |
| Model             | NX-Hivac                |
| Vintage           | 2015                    |
| Serial No         | 40788                   |
| Asset Description | Park NX-Hivac AFM       |
| Software Version  | Windows 7               |
| CIM               | NA                      |
| Process           | Atomic Force Microscopy |

## Hardware Configuration (Fab)

| System Type       | Description | Quantity | Status |
|-------------------|-------------|----------|--------|
| Main System       | None        |          |        |
| Handler System    | NA          |          |        |
| Factory Interface | NONE        |          |        |
| Options System    | NA          |          |        |
| Others            | NA          |          |        |

## Hardware Configuration (Subfab / Auxilliary Units)

| Description | Quantity | Status |
|-------------|----------|--------|
| NA          |          |        |

## Missing/Faulty Parts / Accesorries List

| Description | Quantity |
|-------------|----------|
| NA          |          |
